

# Birmingham Profile

**Birmingham is the youngest major city in Europe, with 40% of the population under 25 years of age. It attracts nearly 20,000 international students to its many universities.**

Friends International has engaged in ministry in Birmingham for over 30 years. Currently our work is centred around the University of Birmingham (UoB) in the southwest of the city.

UoB attracts around half of the international student population. The remainder study at the city centre universities (Aston, Birmingham City University and University College Birmingham, plus some branches of other UK universities). It is our aim to extend our ministry to these largely unreached students from nearly every country of the world.

**Birmingham is a vibrant, growing city with an abundance of ministry opportunities!**

We are looking for a full or part-time Staff Worker (experienced in mission and/or cross-cultural ministry) or a full-time Apprentice Staff Worker (willing to be trained) to join our Centre Team Leaders, engaging in direct international student ministry and also supporting our network of committed churches and volunteers.

Depending on your skills and interest, you could work in existing ministries or help pioneer our city centre expansion. We will provide training and support.

Some seed funding is available for the right applicant, with a view to you growing full personal support over time with the help of experienced Friends International colleagues.

We look forward to receiving your application.
