

Cambridge Profile

The university city of Cambridge is known for its beauty and vibrancy, with a rich Christian and intellectual history. It is home to the world-famous University of Cambridge, renowned for its pioneering research and one of the UK's economic powerhouses, and a very nationality-diverse Anglia Ruskin University.

There are about 11,000 international students in Cambridge from these two universities and thousands more who visit the city every summer for English language studies.

There has been a collaborative and coordinated ministry to international students in Cambridge for over 40 years. The Lord has blessed the ministry with amazing goodwill from the Christian community in the city. FI has enjoyed great support and partnership with local churches, working with dedicated branch members and volunteers.

The FI Cambridge team runs a variety of programs including student Cafés, Bible study programs, and summer outreach among others. As a team, we are committed to innovative strategies that are contextually relevant, effective, and accessible to diverse groups of international students.

New staff workers should be able to join in comfortably with what we do currently while serving in the areas of their greatest strengths where possible and also be able to bring in new ideas and initiatives to enrich our strategies.

Cambridge has amazing opportunities to serve international students. We are currently praying and looking for new staff workers to join our team. To complement the existing team and owing to the large numbers of South Asian and Middle Eastern male students who study in and visit Cambridge, we are especially looking for new male staff workers with some experience in ministry with other cultures.
