

## Thika Placement

# Thika - Level 1 Community Hospital, Community Education & Orphanage Placement

**Thika** is a great medical placement for those seeking to be involved in community education and a Level 1 community hospital.

This photo is a class of students learning about how to do community outreach awareness - it is based at the main Roman Catholic compound in Thika. You can participate in one of these training programmes... and then get involved in community education...

Good homestay accommodation available in Thika.

Thika Level 1 Community Hospital... lots going on, and they need medical trained or medical students or social workers to help them with their workload...

Can you help...?

Thika Level 1  
Community Hospital

The ARK

One of two orphanages  
in or near Thika where  
volunteers can work...

Lots to do...!

Centre for Training &  
Development Staff with  
Pastor James and The  
Ark Manageress

**CTBI Christians Abroad**

## Thika Placement

### **Pastor James of Heaven's Gate Assembly Independent Church, Thika**

Thika is a university and college city, with lots of young adults living there during their studies. Pastor James holds 3 services a day in a shopping centre in the centre of town, plus he has a Church and prayer ministry buildings in the suburbs of Thika. Lots of Church activities to get involved in as your placement permits.
